A SUDDEN TWINGE

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. Pierce's Golden Medical Discovery has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous uric acid which is the cause of the disease.

"Your 'Golden Medical Discovery' cured me of rheumatism after I had tried a dozen remedies without relief and also gone West in search of health," writes Harry Kitter, of No. 1645 6th Street, Denver, Colo. "Only those who have suffered from this dread malady know the pain and misery I endured for over five years. Whenever the weather was damp or cold my troubles were increased and my joints would be so stiff and sore that I was hardly able to move about, and often unable to dress myself. I used a number of highly recommended medicines, but they had no effect whatever on me, and I came to Colorado hoping to regain my health, but failed to obtain the relief I had hoped for. A gentleman in the house where I lived advised me to use Dr. Pierce's Golden Medical Discovery, and in four months and a half after I began using it I was a well man, and have had no touch of it for the past seven months."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

Pierce's Pellets — These tiny, sugar-coated anti-bilious granules regulate and invigorate Stomach, Liver and Bowels. Do not beget the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor. Put up in vials; always fresh and reliable.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. Prepared at the Laboratory of E. O. DeWitt & Co., Chicago, U. S. A.

RUSSIA ASKS PEACE TERMS.

A dispatch from St. Petersburg says that as a result of the meeting of the Council of Ministers held at Tsarskoe Selo Tuesday instructions were telegraphed yesterday afternoon to the Russian Ambassadors at Washington and Paris to the effect that Russia is desirous of learning Japan's peace conditions.

With Ambassador Meyer's delivery to to Emperor Tuesday afternoon of President Roosevelt's message tendering his good offices, the prospect of the President's efforts to bring the belligerents together in peace negotiations is believed to be distinctly brighter.

It is equally evident that the situation is an exceedingly delicate one, Ambassador Meyer, when seen last night absolutely declining to say a word regarding his visit to Tsarskoe Selo, the mission with which he is charged or the Emperor's response.

The center of interest is again transferred back to Washington. Count Cassini has doubtless received instructions from the Emperor. However, it will probably require some little time to finally decide whether success shall crown the President's efforts to end the war.

President Roosevelt should be in possession of Emperor Nicholas's response to his tender of good offices.

The efforts which President Roosevelt has been making to bring the belligerents together entered on a distinctly new phase Tuesday night. Foreign Minister Lamsdorff had an audience of the Emperor in the afternoon upon the subject of Ambassador Cassini's communication, and at 11 o'clock Tuesday night Ambassador Meyer called upon Count Lamsdorff at the chancellery and remained with the Foreign Minister for sometime. There is reason to believe that the visit was in obedience to instructions from Washington conveying a personal communication from the President to the Emperor tendering his good offices.

The result was that yesterday Mr. Meyer went to Tsarkoe-Selo in full uniform, and was received in special audience by the Emperor. Upon his return to St. Petersburg yesterday afternoon Mr. Meyer hastened to the embassy, whence he sent a long cipher dispatch to Washington. Half an hour later he was closeted with Sir Charles Hardinge, the British ambassador.

The present situation is extremely delicate and the greatest reticence is observed. The Foreign Office was deserted, yesterday being the Empress's birthday, and at the American Embassy no statement could be procured yesterday afternoon.

Nevertheless, there are some collateral indications that the Emperor's response was favorable. The sudden retirement or the French foreign minister, M. Delcasse, who was regarded as not only one of the strongest supporters of the dual alliance, but as one of the staunchest friends of Russia, was a great blow to Russia, and rendered President Roosevelt's friendly tender particularly opportune. Besides, it is known that the Emperor has been strongly advised if he decided to open peace negotiations, to do so through President Roosevelt.

KARR A DEFAULTOR.

Mr. William W. Karr, who has for nearly two years been the disbursing officer of the Smithsonian Institution and the National Museum in Washington, was arrested yesterday evening on a warrant charging the embezzlement of between $40,000 and $50,000 passing through his hands as an official of the government. Mr. Karr was a young man of very high standing when he went to Washington nearly 20 years ago to enter the service of the Smithsonian Institution. There he has always been held in the highest regard and has been considered one of the best accountants in the service. The alleged defalcation, which is said to have been admitted by the accused, extended through a period of many years and was so cleverly covered up in the books of the disbursing officer that it would probably not have been discovered had it not been for the fact that Mr. Karr went just a little too far and overdrew the accounts of the institution with the Treasury Department.

The discrepancy was discovered Tuesday when Prof. S. P. Langley, secretary of the institution, received notice from Ellis H. Roberts, Treasurer of the United States, that a warrant on the Treasury could not be paid because the Smithsonian's fund in the Treasury had been overdrawn. The books of Mr. Karr were examined and showed that there ought to be between $40,000 and $50,000 in the Treasury to the credit of the institution. Secretary Langley held a conference with Assistant Secretary Richard Rathbun, and later Tuesday afternoon ex-Senator John B. Henderson, of Iowa one of the regents of the Smithsonian, was consulted. Mr. Henderson went over the books with the other officials of the institution, and an examination of them led to the conclusion that Mr. Karr's accounts were short. The facts were turned over to the United States District Attorney, who yesterday afternoon issued a warrant, upon which the arrest was made about 5 o'clock by Detectives McNamee, Muller and Peck.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and $1.00, guaranteed. Trial bottle free.

Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE

is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

From the time the coffee leaves the factory no hand touches it till it is opened in your kitchen.

This has made LION COFFEE the LEADER OF ALL PACKAGE COFFEES.

Millions of American Homes welcome LION COFFEE daily. There is no stronger proof of merit than continued and increasing popularity. "Quality survives all opposition."

(Sold only in 1 lb. packages. Lion-head on every package.)

TO THE OWNERS OF DOGS.

Mayor's Office,
Alexandria, Va., June 1, 1905.

All persons owning or intending to keep any animal of the dog or canine species must come forward on or before

JUNE FIFTEENTH, 1905,

and take out a license for the same from the Auditor. After the NINETEENTH OF JUNE all persons owning or harboring dogs without the required license can be fined (as the laws on the subject require) $5 for every dog so owned or harbored.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and the policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

☞In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, &c., on a card or paper when making application for their licenses to the Auditor. FRED. J. PAFF, Mayor.

License and Tag, $1.50.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, JUNE 8, 1905.

IT SEEMS that an assassin has been dogging the steps of Vice President Fairbanks, he having had a narrow escape from being shot by an individual named James McConnell while delivering a speech at Flint, Mich., yesterday. The would-be murderer was taken in custody amid cries of "lynch him." McConnell, of the same genus as Guiteau, became alarmed and begged the officers to save him from the crowd. One of the perils kings and other representative men are compelled to face in this day is assassination. The dirk, the pistol and the bomb disturb the slumbers of many who are called upon to rule. The spirit of regicide is growing. It seems that no form of government meets the approval of large numbers in this world. The autocracy of Russia is denounced and the bomb is occasionally used with terrible effect. The freer institutions of England and Germany are equally obnoxious to multitudes, while those of France and the United States, republican in all phases, are equally objectionable to the discontented.

IN A quick and bloodless revolution, which promises a new era of national independence, King Oscar was yesterday dethroned as ruler of Norway, and the union between Norway and Sweden under one king, which has existed since 1814, was declared to be dissolved. Scarcely had the Storthing passed the history-making resolution, inspired as it was by the king's veto of Norway's plan for a separate consular service, when King Oscar made a formal protest by wire. Protest as he may, Norwegians declare they shall no longer be ruled by King Oscar, and will defend their threat with arms, if necessary. Albeit, diplomats do not believe that the dethroned monarch will carry the matter any further, but will eventually allow Norway's withdrawal to be sanctioned by the Swedish government. Meantime, pending the selection of a new king, Norway will be ruled by the Council of State, which was yesterday vested with executive powers by the Storthing. The Norway Storthing has asked the Swenish King to appoint a ruler from the House of Bernadotte. There has been no popular outbreak in either country, and the tone of dispatches is favorable to a peaceful solution of the question.

UNDISMAYED by Rojestvensky's defeat and full of confidence as to the outcome of the approaching battle, Lieutenant Linevitch is for war to the end, and he believes that the Manchurian army is now strong enough to assume the aggressive. He said Wednesday, in reply to a question:

Most certainly I am for war, I am a soldier. With the destruction of our fleet vanishes the hopes of those who at the beginning of the war wished to make peace at Tokio; but our defeat at sea has not interfered with my plans one whit. I consider myself strong enough now not only to hold my ground, but even to advance. I am no prophet, and have no desire to be one, but I firmly believe that I can and will defeat the Japanese in Manchuria. I have asked the War Office to send me reservists of the youngest class instead of older ones.

This is a bold speech in these, Russia's dark days, but it has the ring of the old Muscovite whose endurance and tenacity are proverbial, and the outcome of all wars is uncertain.

RICHMOND is preparing to rid itself of the horde of worthless men, white and black, who spend ten months of each year in the city jail. An ordinance has been concurred in whereby these men, all who are able to work, will be required to work on the culverts and drains of the city, putting in ten hours each day. There are on an average of 250 men in the city jail at all times, going down in default of fines for petty offenses. The average drunk does not mind a sentence of thirty days in jail, where he is fed and housed, but with the alternative of paying up or putting in the time on sewers before them there is to be a change. Then, too, Judge Crutchfield hopes to send the army of tramps which fluctuates betwen the North and South, passing through Richmond twice each year, in another direction. The same condition of affairs exists in most of the cities in Virginia and laws similar to that just enacted in Richmond should be put into effect in all of them.

AN INVESTIGATION of the Department of Agriculture has been ordered by Secretary Wilson as a result of the charges made by Richard Cheatham, Secretary of the Southern Cotton Growers' Association, that the statistics collected regarding the cotton crops had been given out for speculative purposes prior to their publication in the regular report. Only a few persons have access to the cotton report prior to its publication, and these are all under suspicion. Among the documents presented to the Secretary by Mr. Cheatham yesterday were several letters purporting to be from employees of the department offering to furnish advance information regarding the cotton statistics!

JAPAN'S great victory emphasizes the fact that ships alone can never make a navy. The real contest is still, as it was in Nelson's time, one of seamanship, marksmanship and brains.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., June 8.

The most absolute secrecy is maintained here in both administration and diplomatic circles, regarding the latest developments in the Russo-Japanese situation. Officials who a few days ago were willing to talk impersonally and confidentially, today decline to discuss the affair in any manner. It is not believed, however, that the Czar has agreed to accept President Roosevelt in the capacity of mediator especially in view of the action taken by this government regarding Admiral Enquist's ships at Manila. It is more likely he has merely made it known to the American and French Ambassadors at St. Petersburg that he is willing to regard either President Roosevelt or President Loubet as a channel of communication in forwarding any offer that the Japanese government may see fit to make at this time. When the war began the Japanese government selected the United States to look after its diplomatic and consular interests in Russia, and Russia selected France to act in a similar capacity for her in Japan. It is only natural to conclude, therefore, that if there are to be any pour parlers between Russia and Japan on the subject of peace they will be conducted through either Washington or Paris until the belligerents shall have arrived at a point whers they can select their own commissioner to arrange the terms for peace. In this connection an early morning visit at the White House today by the French Ambassador is regarded as significant. Mr. Jesserand said that the subject of his call was too important to discuss. Following Ambassador Jesserand's call acting Secretary of State Loomis had a conference with the President, concerning which he said he could give out nothing for publication. From the fact that Minister Takahira was called to the White House last night from a sick-bed and that after a conference with the President he sent a long cipher telegram to Tokio, it is assumed that Ambassador Meyer's message from the Czar has been received by the President and that its contents are now known to the Mikado. Secretary of War Taft, who has had general charge of foreign relations of the United States in the absence of Secretary of State Hay, had a talk with the President this morning regarding the Russo-Japanese situation. He declined to make any statement.

Kogoro Takabira, the Japanese Minister, told your correspondent today that he must for the present preserve absolute silence upon the subject of peace negotiations He counseled patience, saying that a word at this time might have serious consequence. This is the nearest to an admission that the peace talk has reached a critical stage that the Minister has yet made.

The case of Jose Gregorie Delgado and Dr. Jose Manuel Delgado, father and son, one of the most important of a group of cases before the Spanish Treaty Claims Commission, was argued before that tribunal this morning. The claimants ask an award of $231,534 for damages resulting from the wanton destruction by the Spanish forces under General Melguizo of a crop of cane standing on a plantation near Bainoa, in Habana Province, Cuba, about March 4, 1896, also certain live stock, furniture, etc. The sum of $50,000 is asked for injuries to Delgado, the son, inflicted by the Spaniards. The answer of the government consists of a general denial, and of a plea that the American citizenship of the claimant, J. G. Delgado, was fraudulently obtained. In the war with Spain Dr. Delgado served with the Roosevelt Rough Riders and later in the Marine Hospital Service.

At this morning's session of the W. G. Crawford's trial testimony adduced gave a complete history of his case. The story of the contracts between the P. L. & Devise Co., and those between Machen and Lorenz were told about. At the time that Crawford was under sweat box treatment in the 4th Assistant Postmaster General's office he received a telegram that his mother was very ill in New Orleans. He immediately went home. It was during his mother's illness that Crawford was under fire and the scenes occurring in the bed chamber prior to her death were very strong in the defendant's mind. He completely broke down.

The United States cruiser Columbia, has arrived at Hampton Roades from Cartagena with United States Minister W. W. Russell on board. Mr. Russell who was called from Bogota to testify in the Bowen-Loomis controversy will arrive in Washington tomorrow. Mr. Bowen, who is at his home in New Jersey, has been notified to come here, and both he and Mr. Loomis will be present at the examination of Mr. Russell which will be conducted by Secretary Taft. Mr. Russell was secretary of the U. S. Legation at Caracas during Mr. Loomis' term there as U. S. Minister and during a part of the time after Mr. Bowen succeeded Mr. Loomis there in that capacity.

Official confirmation has been received at the State Department of the appointment of Joaquin D. Casasus as the new Ambassador of Mexico to the United States, to succeed the late Senor Aspiroz. Senor Casasus is 47 years old and is a native of the Mexican State of Tabasco. He has filled many important posts under the government and was the general secretary of the Pan-American Conference which was held in the City of Mexico in 1901-2. Senor Casasus has a charming wife and a family of seven children.

It was officially announced at the War Department today that the following officers of the United States army have been selected by the President to attend the French maneuvers to be held in France next September: Lieutenant Gen. A. R. Chaffee, Brig. Gen. J. Franklin Bell, Brig. Gen. William Crozier, Captain Grote Hutcheson, Captain Dennis E. Nolan, and Capt. Daniel T. Moore. These officers will leave this country late in August and probably remain in France through September. During their stay abroad they will be the guests of the French nation.

President Roosevelt this morning received a call from Archbishop Francis Albin Symon, the personal and special representative of the Pope, who is in this country for the purpose of appointing bishops among the Polish catholics. Archbishop Symon was accompanied by the Very Reverend John Pitass of St. Stanislaus parish, New York, and former Representative Roland B. Mahaney, the general attorney of St. Stanislaus.

Senor Manuel Alvarez Calderon, the Peruvian Minister, who has been ordered to Chile by his government, called at the White House this morning to hand President Roosevelt his letter of recall.

Mrs. Roosevelt, wife of the President, left this morning for Rapidan, Virginia, to spend a few days with Mr. and Mrs. Joseph Wilmer. Mrs. Roosevelt recently bought a tract of land in that vicinity, to which fact may be traced the rumors that the President intended to erect a summer house there, rumors which have since been denied.

One captain, eight commanders and twenty lieutenant commanders of the navy have applied for voluntary retirement with the next higher grade held by them on the active list, as a consequence of a recent decision of the attorney general that sixty officers of the navy are entitled to be retired under the provisions of the navy personnel act. Four captains, four commanders, three lieutenant commanders and two lieutenants will have to be compulsorily retired under this decision and a board of rear admirals is now in sessionat the Navy Department selecting these officers. Officers of the navy are much elated over the promotion which will result for these voluntary and compulsory retirements. Many young officers, who have been looking to attaining the rank of captain when near the statutory age for retirement, now find that they will be rear-admirals at the time when they had expected to be captains.

The correspondent at Tokio of the London Telegraph says: "It is officially stated that submarines actually were used in the Tsu straits battle."

At a meeting of the board of directors of the Equitable Life Assurance Society at New York yesterday resolutions proposing sweeping reforms were passed. The selection of a chairman of the board was deferred until Friday.

Many church dignitaries attended the commencement of the Catholic University in Washington yesterday. The amount received by the university for the year was $339,047, of which Cardinal Gibbons personally collected $82,943.

Because he persisted in writing love letters to Miss Alice Roosevelt all suggesting matrimony, John Johnson, a Swede, was arrested in St. Louis yesterday by Elmer German, a United States secret service officer. Johnson's mind is weak, and he has been a patient in an insane asylum.

The highest price ever paid for land in New York, $625 a square foot, was given on Tuesday for the property at the corner of Wall street and Broadway. The plot fronts 29 feet, 10 inches on Broadway and 89 feet, 10 inches on Wall street. It faces Trinity Church. The amount paid was $700,000.

Alice Niesen, who claims to be the Baroness de Vorts Salmo, wife of an Austria noblemen, yesterday in Washington pleaded guilty to the charge of stealing laces from Mrs. William Slater, by whom she was employed as a maid. Seatence was suspended upon recommendation of District Attorney Beach. The woman is suffering from consumption in advanced stage.

After a conference in Chicago lasting for five hours between the Employers' Association and the committee appointed by the Teamsters' Joint Council with full power to settle the strike, all negotiations were declared off last night and there is no immediate probability of a settlement. The union submitted a number of proposals, which the employers flatly refused to consider at all.

At Christiania, Norway, yesterday, as stated in the Gazette that day, the Storthing declared the union between Norway and Sweden under one king to be dissolved and that the king had ceased to act as king of Norway. The Storthing further empowered the present State Council to act as a government of Norway until further notice and to exercise the power heretofore appertaining to the King.

The failure of the Vladivostok squadron to put to sea and effect a diversion in favor of Admiral Rojestvenky at the time of the recent battle is explained to have been due to the utter absence of knowledge on the part of Rear Admiral Jessen as to whether Rojestvensky intended to circle through the straits of Korea. Jessen at no time was informed of the Russian commander's plans, and was unable to co-operate with him.

For the first time since the street car employes of Bay City, Mich, together with those of Saginaw and the interurban line between the two cities, went on strike Sunday morning to enforce a demand for an increase in wages and a shortening of their hours, serious rioting broke out yesterday and at times the police were unable to cope with the unruly element. All the strikebreakers received their wounds during attacks on their cars by crowds of men and boys. Windows in a number of cars were broken by the missiles thrown by the crowds.

Lawson Trail, aged forty, and Walter Granison, aged sixteen, were killed at the county poorhouse near Bedford Md., yesterday afternoon by lightning. They took refuge from a storm in an outhouse that had been used as a pen for pigs. The building, nearly two stories high, was surmounted by a cupola, which probably attracted the lightning. Trail's body was burned, but his clothing was uninjured. Granison's coat was torn to shreds and a new shoe on his right foot was burned to a cinder. Trail's brother until recently was keeper of the poorhouse. Charles Lawrence, who stood near Granison, was knocked down by the bolt.

Waggaman Bids Low.

A crowd thronged the Thomas E. Waggaman house in Washington yesterday in attendance upon the auction of personal effects, but the crowd was apparently drawn chiefly by curiosity rather than by a desire to invest. The auctioneer was compelled to invite bids, and prices ranged low. The expected attendance from society circles did not materially realize. Articles valued at $600 sold as low as $80. The picture "The Holy Sepulchre," for which Mr. Waggaman is said to have paid $800, was purchased by Mrs. Smith for $22. Other handsome paintings ranged from $32 down to $4.25.

Charles Mann Taliaferro and Miss Elizabeth Curle Christian, both of New York, were married in Grace Episcpal Church in Richmond yesterday afternoon, Rev. Landon R. Mason officiating.

Mrs. Roosevelt (not the President) it is said, has purchased a country home near Scottsville, Albemarle county. The place embraces fifteen acres of the Springfield farm, owned by W. V. Wilmer, of New York.

In an address to the negroes of Richmond Rev. W. R. Gaster, a missionary preacher and editor of Newport News, expressed the fear that his race was going backward and that another 40 years would find it again in the bonds of slavery. "Most of the members of the race," he said, "have turned their faces from the shining sun and are making rapid steps backward to the devil and captivity."

A WOULD-BE ASSASSIN.

Vice President Fairbanks was yesterday saved from an attack by James McConnell, a blacksmith, by the timely interference of detectives who surrounded the speaker while he addressed an enthusiastic assemblage of 2,000 persons gathered in the public square at Flint, Mich. Mr. Fairbanks had been speaking for nearly 20 minutes, when McConnell, who had been slowly making his way through the crowd, made a bold effort to reach the side of the speaker. His right hand was placed on a rusty revolver in his hip pocket as he surveyed Mr. Fairbanks, and then he made a quick movement, as if to attack the Vice President. In a struggle with four detectives who seized McConnell it was necessary to choke him into submission. While being placed in a patrol wagon McConnell stoutly maintained that his time would come soon and that he would yet be able to carry out his purpose and assasinate his intended victim. Following the wagon to the police station was a wildly infuriated mob of 5,000 men, who were determined to take the law into their own hands, and cries of "Lynch him! Lynch him!" uttered by privates at Fort Wayne, Mich., who had taken part in the parade, seemed to meet with approval from the sightseers who thronged the street. McConnell implored the officers to protect him from the clamoring mob. Once inside the police station McConnell's brazen air again asserted itself. He expressed deep regret over his unsuccessful effort. His pockets were filled with clippings from Chicago newspapers. The police believe that McConnell had planned to commit the deed in Chicago. The prisoner does not deny that he was in Chicago when the Vice President returned from his western trip. A doctor will examine McConnell to determine whether he is insane or not. The Vice President was not alarmed at the attempt, but his speech was interrupted for several minutes. McConnell may be sent to an insane asylum unless physicians declare him mentally sound.

War Documents.

Major Robert W. Hunter, the war department's secretary of military records for the State of Virginia, yesterday received from General Ainsworth, of the War Department, the first batch of old muster rolls and documents pertaining to the war, which were sent by Major Hunter to Washington to be copied. There are some 300 of these papers.

Capt. R. T. Daniel is engaged in returning the rolls and documents to the parties from whom they were obtained, together with a letter of thanks to each person for the loan of the papers.

Major Hunter is anxious to get from those owning them any and all documents pertaining to the war in order that they may be sent to Washington and be copied. The papers will be carefully preserved and returned to the owners as soon as the officers have completed the copying.—[Richmond News-Leader.

Train Plunges from Bridge.

A westbound passenger train on the Wisconsin Central Railroad yesterday plunged into Red Cedar creek from a steel bridge west of Colfax, Wisconsin. Engineer George Phillips, Fireman Severns and five tramps are believed to be drowned. The tender, the baggage and the mail cars went down with the bridge and are buried in the water. The baggageman climbed out of a window and the mail clerk crawled through a ventilator as the cars plunged into the water and both escaped. The smoking car stands on one end in the creek. The passengers in the smoking car were bruised, but none was seriously hurt. The rest of the train remained on the track. The centerpiece of the bridge had been undermined by high water, and as the train reached the middle of the bridge the structure gave way.

Letter to Hellmuth Bros.,

Alexandria, Va.

Dear Sirs: Porterhouse, so much; neck, so much; all the way between.

Just so with paint. Devoe lead-and-zinc is the porterhouse. Nobody wants the neck; the between, some say, is good enough for them.

But Devoe costs less, not more, than between. Lead-and-oil is between; it is the old-fashion paint. But zinc has come in. Zinc toughens with lead. Devoe lead-and-zinc is the paint that wears twice as long as lead-and-oil.

Mr John N Deitel, Fair Haven, N Y, writes:

"Mr Charles Hollenbeck, of this place, painted his house three years ago with Devoe lead-and-zinc; his father painted at the same time with lead-and-oil. Today the son's house looks as well as the day it was painted, while tha father's house has all chalked off and needs painting very badly. The father says he will paint with Devoe next time."

Yours truly,

F W DEVOE & CO

Today's Telegraphic News

Peace Prospects.

London, June 8.—The Japanese embassy is not inclined to place too much confidence in the reports that the way for peace is now open and that a cessation of hostilities is likely to follow soon. Secretary Koike, speaking for Ambassador Hayashi, said to the correspondent of the Publishers Press: "The statement that Russia is desirous of learning our terms of peace is perhaps true. But that does not mean that the end of the war is in sight. We are extremely suspicious of the newspaper reports from St. Petersburg. We believe the government is endeavoring to direct a newspaper campaign to further its own end. The way to learn our terms is not through an intermediary, but by a direct appeal from St. Petersburg to Tokio. We have no objection to America acting as a buffer for Russian pride, but her terms will not be enunciated until we have direct assurance that the request comes from St. Petersburg and not simply on behalf of friendly powers which are acting unofficially. What our terms will consist of nobody knows. They have not yet been formulated, but when they are drawn up it will be for Russia to accept or reject them. We do not care to enter into a campaign of haggling. While we want peace we do not want it so badly that we are willing to lessen our just demands. Our army is in a better position now than ever before to deliver a decisive land blow, which will soon fall unless Russia means business on the peace question, and is not attempting a diplomatic campaign of procrastination."

St. Petersburg, June 8.—It is impossible to obtain definite assurances whether the Czar has decided upon peace or war. The opinion prevails that he has not fully made up his mind toward either course. At one moment the emperor is swayed by the peace party, and the next the war advocates have the upper hand. Just at present the peace party, headed by Count Lamsdorff, the foreign minister, appears to be in the ascendancy, but there is no guarantee that the jingoes will not become master at Tsarskoe-Selo. The correspondent of the Publishers' Press asked a number of officials for an opinion as to whether they thought the United States would make a successful mediator between Russia and Japan. The replies, almost without exception, had an anti-American tone. These officials said that America had shown unfriendliness to Russia by her action in requiring the three Russian vessels at Manila to intern or else leave the harbor, and that this has destroyed Russian faith in the good intentions of the Washington government. Your correspondent has good reason for believing, however, that this view is not held by Count Lamsdorff or M. Witte, and if they remain in the ascendant at court the indications are that President Roosevelt will have a unique opportunity to bring the war to an end. The situation is so delicate, however, that it will require the exercise of the highest diplomatic skill at Washington to keep clear of pitfalls.

Paris, June 8.—The conviction is growing here that peace is sensibly nearer. It is thought that the action of the Zemstvos and the energetic steps which have been taken by Russian agitators, despite the prohibitory measures which have been taken against them, had more to do with shaking the determination of the Czar to prolong the war than the representations of his ministers or the advice of the other powers. The only definite authorized news to be heard here this morning, however, is that the Czar does not desire absolute peace at this moment, but rather seeks an armistice for the discussion of peace terms. In the meantime, he is determined to maintain General Linevitch's army at its maximum strength, as he is convinced that the Russians can win the next land battle, and that better terms can be obtained than are obtainable at present.

Berlin, June 8.—The German Foreign Office is very skeptical as to the outcome of the recent peace efforts. Officials express the belief that the optimistic views held in some quarters that peace will be brought about are premature. The preopinion in diplomatic circles coincides with this view. It is felt that it will require at least one more crushing defeat of Russia's land forces before peace will even be within measurable distance.

Vienna, June 8.—The Nieue Frie Presse publishes a report which it has received from a banking house at Trieste, saying that the Czar has appealed directly to President Roosevelt asking him to mediate between Russia and Japan.

St. Petersburg, June 8.—It was learned today that before Ambassador Meyer called upon the Czar at Tasarsko-Selo yesterday a family council had been held to consider the question of peace. The decision of the council, it is understood, was that peace proposals should be entertained if Japan's terms are not too heavy.

St. Petersburg, June 8.—What is regarded as a significant change in the attitude of certain of the newspapers that peace is noted in their utterances today. The Novoe Vremya, which has steadfastly held to the view that the war must be continued until Russia had recovered her prestige by a victory, discusses the advisability of ending the war calmly. It says bluntly, however, that if Japan asks too much as the price of peace it will pay Russia to keep up the struggle. The Russ says that if the people, through their representatives, are allowed to settle the question Japan will readily come to reasonable terms when she finds herself confronted by the whole nation. One significant statement in the Russ is: "Even the revolutionists are not traitors. They are fighting the present rotten bureaucracy and not the country. They will not tolerate a disgraceful peace.

London, June 8.—The correspondent of the Evening Standard at St. Petersburg wires that the Foreign Office denies the report sent out that Ambassadors at Paris were to ascertain what Japan's peace terms will be. The Russian government, however, is impressed by the activity which Mr. Roosevelt has shown in trying to bring the war to a close, and the opinion is held that some steps may be taken soon which will greatly clear the atmosphere.

In Mad Chase.

Millions rush in mad chase after health, from one extreme of faddism to another, when, if they would only eat good food, and keep their bowels regular with Dr. King's New Safe Pills their troubles would all pass away. Prompt relief and quick cure for liver and stomach trouble, 25c at E. S. Leadbeater & Sons drug store; guaranteed.

Attack on Booker Washington.

Birmingham, Ala., June 8.—In an address before the literary societies of the Alabama Polytechnic Institute, at Auburn, one of the leading State colleges, Dr. G. W. Stagg, pastor of the First Presbyterian Church, of Birmingham, in discussing the negro question, said: "The conception of Booker Washington is the greatest piece of humbuggery that was ever presented to the minds of the American people. Booker Washington is the greatest exaggerator that speaks from the platform and the greatest beggar that ever held out his hat to the American public." Dr. Stagg declared that the negro was so inferior that no education would help him, and he advocated the deportation of the race back to Africa, asserting that there was no future in this country for them.

Those Old Days.

New York, June 8.—Mark Twain, in declining an invitation to deliver a Fourth of July oration at Reno, Nevada, a place where he spent a good deal of his time early in the sixties, writes of those he knew there, and of events and concludes: "Those were the days—those old ones. They will come no more. Youth will come no more. They were full to the brim with the wine of life. There have been no others like them. It chokes me up to think of them. Would you like me to come out there and cry? It would not become my white head. Good bye; I drink to you all. Have a good time and take an old man's blessing."

A Big Girl.

Lancaster, Pa., June 8.—Lancaster county's heartiest girl is Miss Helen Stoner, daughter of Mr. and Mrs. Elmer Stoner, of Bainbridge. At the age of 11 years she has attained the remarkable weight of 250 pounds and is in perfect health. In height this robust young woman is 5 feet 4 inches, and her measurement at the waist line is 4 feet 5 inches. Her arm near the shoulder is 17½ inches in circumference. She is a pupil in the intermediate school and her progress in school work has won the commendation of the principal.

Charged with Embezzlement.

Philadelphia, June 8.—A warrant has been sworn out for George G. Glenn, for many years cashier of the Postal Tel graph Company, in this city, who is charged with the embezzlement of $12,000 from that company. He is a fugitive from justice, and a reward has been offered for his arrest. The warrant was issued at the instance of the Bankers' Surety Company, of Cleveland, which went on his bond. In the warrant Glenn is also charged with having forged a check for more than $9,000.

To Present Address to Czar.

St. Petersburg, June 8.—The congress of representatives of the zemstvos and mayors of provincial towns, which has been in session in Moscow, despite the positive prohibitory order of General Trepoff, has appointed a delegation of ten men to present to the Czar an address praying for the immediate summoning of a representative parliament. The greatest disappointment is felt by the public generally, over the silence of the government on this subject.

Strike to Continue.

Chicago, June 8.—President Shea, of the striking teamsters' union, said today he believed the strike would last all the summer. The peace committee appointed by the allied teamsters organizations and a committee of employers met last night in an endeavor to end the strike, but failed to bring about a settlement of the labor struggle. In both union labor and employers circles it is now considered that all peace negotiations are off permanently.

Germany and France.

Paris, June 8.—Secretary de Flotow, in charge of the German Embassy in the absence of Ambassador de Radolin, who is in Berlin at present, in an interview today, said: "I talked with Premier Rouvier yesterday and gave him the assurance that the Imperial government will act in the spirit of conciliation on all questions pending with France. I have reason to hope from the disposition manifested on both sides that good will result."

Murder in a Street Car.

Havana, June 8.—A brutal murder which was entirely unprovoked, was committed here today. A woman while riding in a street car suddenly produced a knife which had been concealed in her clothing, and without warning stabbed a fellow passenger to death. The only explanation offered by the woman, was that she was incited to the deed by a "voodoo."

Attacked by Chinese.

Johannesburg, June 8.—One thousand Chinese employed at the Croesus mine last night attacked the quarters of the white men, wrecked the buildings and maltreated the European miners. One man was killed. The Chinese also attacked the compound in which the cabins of the Kaffirs are located, wounding one man. The rioters were subdued later by the police.

New York Stock Market.

New York, June 8.—The stock market was influenced by the progress of peace negotiations on one side and by the Equitable developments on the other. The belief prevailed that if Equitable matters were out of the way, general buying would be induced in all the usually active stocks. The advances made at the opening, running mainly from ½ to 1 per cent. above the close, were pretty well maintained all through the first hour in spite of profit-taking by room traders, who were practically the only sellers.

Whooping Cough in Jamaica.

Mr. J. Riley Bennett, a chemist of Brown's Town, Jamaica, West India Islands, writes: "I cannot speak too highly of Chamberlain's Cough Remedy. It has proved itself to be the best remedy for whooping cough, which is prevalent on this end of the globe. It has never failed to relieve in any case where I have recommended it, and grateful mothers, after using it, are daily thanking me for advising them." This remedy is for sale by Gibson & Timberman and W. F. Creighton & Co.

A Little Nonsense Now and Then.

That eighteenth of August fourth of July will not materialize this year.

June birds and pretty weddings give the war clouds a silver lining just now.

The Jap-Russ war correspondents might adopt the rule: When in doubt, pump tears from a Russian seadog.

War expenses continue to pile up, and the dove of peace is afflicted with a rapid increase in the size of its bill.

And now the question arises as to whether the internment of the Russian warships should fatten Admiral Train's fielding average.

The statement that the Japs are still scouring the sea for remnants of the enemy can not be doubted. They have the necessary sand.

If Secretary Taft can contribute anything to the peace and comfort of the Jolo Moros, they will no doubt consider him a Jolo good fellow.

The fact that the Sultan of Morocco has sent for the hospital ambulance does not necessarily indicate that he believes in international vivisection.

The entente cordiale will grow effulgent with sweetness and light when Colonel Bryan and Colonel Watterson run across each other in Europe.

There are some people who seem to think it will be necessary to strengthen the bars of the Cabinet cage when the Bonaparte from Baltimore is added to the menagerie.

COURT OF APPEALS.

The Court of Appeals at Wytheville yesterday refused to grant a writ of error in the case of Bennett, Harless et als, heirs at law of H. Carrington Watkins, deceased, vs. Atlantic Coast Line Railroad Company, from the circuit court of Chesterfield county.

An appeal was also refused in the case of Shumate vs Smith, from the circuit court of Warren county.

The proceedings in the court were as follows:

Norfolk and Western Railroad Company vs. Spencer's administrators, passed.

Richardson vs. Jesse. From circuit court of Russell county, dismissed.

Kendrich vs. Ashton. From circuit court of Washington county. Motion made to dismiss.

Continental Casualty Company vs. Peltier. From corporation court of Bristol, argued and submitted.

Virginia Iron and Coal and Coke Company vs. Lore, administrator. From corporation court of Bristol. Submitted on brief for appeliant, and argued for appellee, and continued.

Next case to be called; Blanchard Company vs. Simon et als, Frank & Sons vs. Gump, and South and Western Railway vs. Flannery et als, from corporation court of Bristol.

Knights of Columbus.

The first business session of the National Council of the Knights of Columbus in Los Angeles, Cal., yesterday, was devoted chiefly to the appointment of committees and treating of reports, including that of Supreme Knight Edward L. Hearn. The report of National Secretary Daniel Colwell regarding the financial condition of the order showed a balance on hand on December 31, 1904, of $1,243,526. Yesterday was devoted to a characteristic Southern California celebration at the old mission town of San Juan Capistrano, where arrangements were made for the accommodation of 5,000 visitors. After an inspection of the mission by the Knights and their friends Bishop Conaty delivered an address and the Angelus bell was rung by Manuel, an aged Indian. The Angelus service was conducted by very Rev. Father O'Keefe, a pioneer Franciscan from the San Luis Rey mission. Then followed a barbecue, athletic sports and Mexican vequero exploits. Officers will be elected today.

Senator Martin at Front Royal.

Senator Martin spoke at Front Royal yesterday to a large crowd of voters of Warren county. He was introduced by Mr. H. H. Downing, and was heartily and favorably received. He answered the attack upon his record as Senator made by Governor Montague. Senator Martin was several times interrupted by cheers and applause.

The Friendship in Hagerstown.

The parade of the Maryland State Firemen's Association in Hagerstown yesterday was a fine affair, notwithstanding the rain, and great interest was manifested by the thousands of persons who witnessed it. A dispatch says: "No organization in line attracted more attention than the Veteran Friendship Fire Association of Alexandria, Va. They pulled their old hand engine. Members of the company wore aluminum badges containing a picture of the old hand engine and of George Washington, the first president of the company. This company was represented by 50 men, a number being city officials of Alexandria. Among the members in line were Mayor Frederick J. Paff, former Mayor E. E. Downham, City Councilmen Charles B. Marshall and J. Y. Williams, Chief of Police James Webster, Chief Engineer of the Fire Department George W. Petty, Police Justice Harry B. Caton, Mr. August Calmes, Mr. B. Wheatley and others, some of whom have been members of the company for over sixty years."

The Hagerstown Herald of yesterday says:

Capt. J. V. Davis, superintendent of the National Cemetery at Antietam, was in Hagerstown yesterday to meet the members of the Friendship Fire Association. Captain Davis resided for thirty years in Alexandria previous to coming here and is well acquainted with every member of the company. Among these Alexandria firemen there is one mayor, Fred J. Paff; one ex-mayor, E. E. Downham; Capt. James F. Webster, chief of police; Capt. Geo. W. Pettey, chief of the fire department; Police Justice Harry B. Caton, City Councilmen Charles B. Marshall and J. Y. Williams, August Calmes, admiral of the Potomac flotila and owner and master of one of the finest yachts on the lower Potomac; Benjamin Wheatley, general superintendent of affairs in general.

Ex-Mayor Downham is Past Grand-Master of the Grand Lodge of Masons of Virginia; Past Grand Commander of Knights Templar, also an officer of the Nobles of the Mystic Shrine. Among the members of this company are many of the leading citizens and business men of Alexandria. Probably it is the most representative volunteer fire company in the country—certainly there are few companies in this section that is composed of so many substantial, prominent and well-to-do citizens of mature years as the Friendship Fire Company of Alexandria, Va. This company was organized in 1774 and George Washington was one of the members and the first president of the company.

Mr. Downham is president of the company and Mayor Paff is first vice president. There are about 40 firemen in the party and they are accompanied by the Friendship Drum Corps. Some of the men have been members for 62 years. They will remain in Hagerstown until Thursday.

Of the various possessions of the company none is more highly prized than the ancient engine, which was presented to the company by George Washington. This is the only fire engine that was ever in the United States Capitol at Washington. On the occasion of the fire back in 1851 the old engine was called into service. It was taken up into the rotunda of the Capitol and water that was forced into it by one of the city fire engines was in turn forced by it to the scene of the fire.

When the Veterans left Alexandria last Tuesday the mercury was soaring into the nineties. The members of the organization had their overcoats with them which caused some merriment among those who saw them off. The organization returned this afternoon and found the overcoats useful this morning.

The members are profuse in expressions of their pleasant experience and of the hospitality extended them.

Yesterday's Railroad Accident.

As was stated in the Gazette yesterday northbound passenger train No. 14, on the Manassas branch of the Southern Railway, was wrecked at 10:30 o'clock yesterday morning near Wellington, five miles from Manassas. The train, in charge of Engineer Blake and William Payne, conductor, was rounding a curve just above Wellington, when the rails spread, causing almost a complete wreck of the train, which was made up of a mail and baggage car and three coaches, and all except the rear coach left the track with the engine. Two of the coaches turned over on the side, and the escape of the passengers is regarded as miraculous. The latter, in order to get out of the coaches, had to climb up through the windows. Dr. Iden, the company's physician at Manassas, was telephoned for, and he hurriedly left for the scene of the wreck. It was learned that most of those on the train escaped without injury, only a few having received severe bruises and scratches. A wrecking train was sent from this city as soon as news of the accident was received. About 300 yards of track was torn up by the accident.

Police Court.

[Justice W. H. May presiding.]

The following cases were disposed of this morning:

Maggie Jenkins, colored, arrested by Officers Ferguson and Arrington charged with abusive language, was fined $2.50.

James Burke, arrested by Officer Gill for drunken and disorderly conduct, was fined $5.

William Morton, colored, arrested by Officer Knight charged with being drunk, was dismissed.

Reception.

The reception given by the ladies of St. Paul's Church last night at the Parish Hall was a decided success. The room was tastefully decorated with flowers and flags. Instrumental music was furnished by the Ideal Mandolin Club and a large graphophone kindly loaned by Mr. Whitson. Refreshments were served during the evening, and a neat sum was realized for the Recess Chancel Organ fund.

Miss Ellen Butler died on Tuesday, June 6, at her residence, Oxon Hill, aged fifty-seven years.

Personal.

Representative Rixey presented to the President yesterday Capt. Daniel M. Lee, of Virginia, a brother of the late Gen. Fitzhugh Lee. Captain Lee is on the carpet for a government position, but neither he nor Representative Rixey would say what it was. When asked about it, Captain Lee laughed and said: "I'll tell you about it when I get it."

Capt. J. V. Davis, formerly Superintendent of the National Cemetery at this place, attended the Confederate Veterans' celebration at Shepherdstown, Md., on the 3d instant. In a letter to the Gazette the captain is profuse in his appreciation of all he saw and heard, especially the oration of Hon. John Lamb, of Richmond.

Chief Pettey, of the fire department, returned from Hagerstown, Md., last night where he went to attend the Maryland firemen's convention. He says the Alexandrians who took part in the parade were having a good time.

Mr. James Garvey, an employee of the Old Dominion Glass Works, was taken ill today.

Death of Former Residents.

Mr. Thos. D. Dwyer, an Alexandrian, who for some time has carried on the watch and jewelry business in south Washington, died at his home there last night. He was the son of the late Thomas Dwyer, of this city, sometime connected with the gas works, and married Miss Mattie Ashe, of this city. Mr. Dwyer was educated here and for several years carried on a watch and jewelry store on King street, adjoining the Opera House.

Ferdinand S. Davis, a former resident of this city, died in Washington a few days ago. Md.,

The Carnival.

The Jones-Adams Carnival continues to draw large crowds nightly to the old fair grounds. Each exhibition is being well patronized. The grounds are beautiful at night, being well lighted. The Ferris wheel is lovely, being lighted with different colored lights. Notably among the attractions are the moving pictures and "Ina," the midget. The pictures are some of the best ever seen here, especially the "bank robbery" and "personnel." Another drawing card is "Thelma," the fortune teller.

The funeral services of the late Jos. P. McClintock took place in the church at Lincolnia, Fairfax county, this morning. The remains were brought to this city this afternoon and interred in St. Paul's cemetery.

Bitten by a Bear.

A young woman connected with the carnival company now exhibiting on the old fair grounds was bitten on the hip yesterday evening while in a cage containing several wild animals. The woman was engaged in training the beasts at the time and stumbled and fell. The bear jumped at her and buried his teeth in her flesh before the brute could be driven away by attendants. The injured woman was taken to her boarding house where she was attended by Dr. Moore.

The Electric Railway.

The work of double-tracking the electric railway is still being rapidly pushed, and the officers say both tracks will be in use in a few days. President Cassatt, of the Pennsylvania Railroad, together with President King and Superintendent Colvin of the electric railway and others, made a tour of inspection of the road today. The palace car "Palatine" was used for the trip. It was in charge of Conductor Crockett and Motorman Young.

Arrested.

Clarence Wagnes, colored, was arrested yesterday at Fairfax Courthouse by Joseph F. Glover, Deputy U. S. Marshal, for stealing a bicycle in Washington. A warrant was issued by R. P. W. Garnett, U. S. Commissioner, on complaint of E. E Flather, a detective. After having a hearing before U. S. Commissioner R. P. W. Garnett, Wagnes was turn over to the U. S. Court of Washington for the grand jury.

The Letter Carriers.

Haycock, assistant superintendent of the free delivery service of the Postoffice Department, for the past few days has been in the city and with Postmaster Crupper has made a thorough examination of the letter carriers' routes This will result in an entire rearrangement of the present routes and may also result in the appointment of another carrier for this city.

The Weather.

There were several copious showers late yesterday afternoon, accompanied by thunder and lightning. Some hail also fell. The temperature, which had fallen Tuesday night, remained stationary and this morning a chilly atmosphere prevailed.

Just to demonstrate how little danger lay in in electrical force when properly and scientificaliy handled, Prosessor Elisha Thompson, of Lynn, Mass., yesterday in Boston permitted over a half million volts to pass through his body without displaying the slightest tremor or experiencing the slightest physical discomfort from the test. Two thousand volts administered or sustained under different conditions means instantaneous death.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I than God for so valuable a medicine." For sale by Gibson & Timberman and W. F. AUCTION SALES.

IMPORTANT! RARE OPPORTUNITY!

SALE OF DESIRABLE LOTS, PARCELS AND TRACTS, SOME IMPROVED WITH HOUSES AND OTHER BUILDINGS, AND OTHERS UNIMPROVED BUT SUITABLE FOR BUILDING AND OTHER PURPOSES, AT

POTOMAC CITY, Quantico, VA.,

MONDAY, JUNE 19, at 1:30 p. m.

TAKE NOTICE—The sale is to take place at Potomac City, NOT AT MANASSAS. Sale was originally advertised for Manassas, but has been postponed to June 19th in order that it may take place AT POTOMAC CITY, where property is situated.

BY VIRTUE OF A DECREE OF THE Corporation Court of the city of Alexandria, Virginia, rendered on the 7th day of November, 1904, in the chancery cause of Solomon Myers and Isodore Myers, executors of Lewis Myers, deceased, vs. Max Lansburgh and others, the undersigned special commissioners of sale, will on

MONDAY, JUNE 19, 1905,

at 1:30 p. m., at POTOMAC CITY (QUANTICO), VA., sell at public auction so much of the right, title, interest and estate of the defendant, Max Lansburgh, in and to that valuable and extensive domain situated in the county of Prince William, State of Virginia,

FRONTING ON THE POTOMAC RIVER, AT POTOMAC CITY (QUANTICO), VA.,

described as containing 4,264 acres, more or less, and bounded on the north by Quantico creek, on the south by Chappawamsic creek and on the west by the telegraph road, together with all rights and appurtenances there to belonging or in any wise appertaining, as may be necessary to satisfy the amount of the said decree in favor of the plaintiffs against the said Max Lansburgh; to-wit, the sum of $2,741.77, with interest on $2,473.66, part thereof, from March 6, 1900, and on $268.11, the residue thereof from October 4, 1901, until paid, and the costs of this suit and of sale.

Terms of Sale—One-third of the purchase money in cash on the day of sale and the residue in two equal installments at six and twelve months from the day of sale, the deferred installments to bear interest at the rate of six per cent. per annum from the day of sale until paid, and the title to be retained until the full payment of the purchase money. The purchaser or purchasers may at their option pay all in cash. All conveyancing to be at the cost of the purchaser or purchasers.

Although the holdings of defendant, Max Lansburgh, are subject to the contingent dower right of his wife in the equity of redemption, and subject also to the rights of W. A. Wimsatunder a certain agreement bearing date February 9, 1904 and March 4, 1904, respectively, and the deed made in pursuance thereof, recorded among the land records of Prince William county in liber 52, page 323, and consequently, should it be necessary to sell the entire holdings of Mr. Lansburgh, the sale would have to be subject thereto; yet the commissioners will be in a position to give good titles to individual lots, parcels etc., without encroaching upon the bulk of the domain, because, in the first place, resort would after such sales have to be made in respect of said contingent dower interest to the remaining bulk of the domain thus relieving the individual lots, parcels &c. and, in the second place, the rights of W. A. Wimsatt are expressly subject to a release by him of his liens when individual lots, parcels etc., without encroaching upon the bulk of the domain, and without interference with his timber cutting, are sold.

In conductinng the sale, therefore, the commissioners will first proceed to offer individuals lots, parcels etc, as follows:

Church and schoolhouse together with half acre of ground;

Two 2-story 7-room dwellings, very desirable;

Four 1-story dwellings, containing, respectively, 2, 3 and 4 rooms;

One store-building, one story;

An exceptionally large 2-story dwelling in addition to the the two already mentioned;

One combined stable and barn;

Numerous valuable building lots;

"M. Turner Tract" of 32 acres;

"T. Turner Tract of 40.25 acres:

"Dowell Tract" of 40 acres;

"Maddox Tract" of 48 acres;

"Downer Tract" of 57.75 acre;

"McNair Tract" of 70.12 acres; etc. etc,

This is a great opportunity to buy homes and build homes in the eastern section of the county, with excellent railroad facilities, and all the advantages of the water facilities afforded by the Potomac river which are the more available at Potomac City on account of the depth of the channel at that point.

JAMES R. CATON,
J. B. T. THORNTON,
Commissioners of Sale.

I, John S. Beach, Clerk of the Corporation Court of Alexandria, do certify that James R. Caton has executed bond with approved surety as required by the above decree.

JOHN S. BEACH, Clerk.

Tabernacle Struck by Lightning.

The German Baptist Brethern Conference, which has been in session in Bristol, Va., for several days, closed last night. While the afternoon session of the conference was in progress a terrific thunderstorm broke and a bolt of lightning, which struck near the tabernacle in which the conference was being held, rendered five persons unconscious. They were revived by physicians who were on the grounds at the time Some damage was done to the kitchen and postoffice departments at the tabernacle by lightning. In the postoffice J. M. Shively, of Cerro Gordo, Ill., general secretary of the German Baptist Conference, was knocked senseless by the shock and his departure for his home will be delayed on account of his injuries. Mrs. Katie Studebaker, of Flora, Ind., was severely shocked while in the same building. Others injured were three cooks in the kitchen. In the same thunderstorm a bolt of lightning struck and instantly killed an old negro woman at her home in another part of the city.

Valuable Necklace Lost.

Somewhere within the few hundred feet separating Thirteenth and Juniper streets, on Walnut street, Philadelphia Tuesday afternoon, Mrs. Barclay H. The necklace consisted of fifty-three pearls, each perfectly matched, pierced and strung on a silk cord, with a knot between each pair of pearls. It fastened at the back with a brooch clasp, set with a diamond surrounded by small pearls.

The necklace was subsequently found on the street by a child and returned to its owner.
